

E-Learning Center is rich with resources, training for all stakeholders

Magellan's E-Learning Center offers information and training opportunities about behavioral and other health-related topics at no cost.

Targeted to those who work in the industry, families and anyone interested in the healthcare field, the E-Learning Center reinforces Magellan's commitment to enhancing knowledge about various healthcare issues and reducing stigma.

Materials available on the website include e-courses developed in partnership with national behavioral health experts, which individuals can take at their own pace. Other professional learning opportunities are also available in addition to our peer support e-newsletter, health education materials and a comprehensive list of Web-based resources.

All of these valuable resources are offered at no cost.

We encourage you to visit our E-Learning Center at www.MagellanHealth.com/Training and to share this link with others who may be interested.
